NETBALL THEORY COMPETITION

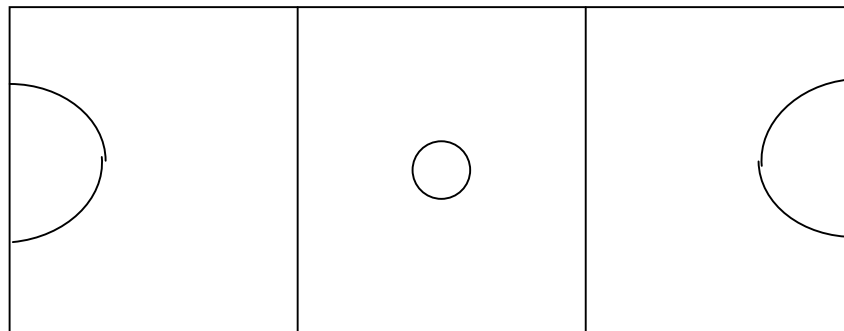

WEEK TWO

1.2 Rule 3.1.6 (iii & iv) explains the control of the court by the umpires.

In your own words, explain the following:

a) who restarts the game after a goal is scored?

Umpire

A

x

Umpire B

b) Who controls the throw-in at 'x'.

c) You are umpire A. Draw a line to show where you will move while umpiring the game.

d) As umpire A, shade the area of the court that you have control of.

2.2 Rule 3 records a number of things that an umpire should do. Select two of these and explain them in your own words. _____

3.2 As an umpire, what are you expected to wear? _____

4.2 Can a team take the court with only 4 players? Yes / No

5.2 Can a taped medical alert bracelet be worn on the court? Yes / No

6.2 How does the umpire indicate who is to take the next centre pass?

Timekeepers have certain responsibilities during game - this is when the game is not timed by the Centre timing system (hooter) but by an individual timepiece: the Premier games are an example of this. Tell me two of these: _____
