NETBALL THEORY COMPETITION

## **WEEK TWELVE**

### **Section V - Discipline**

This section of the rule book covers any actions that are not generally covered by the wording of the rules and are considered contrary to the spirit of the game. You need to read this section and then answer the following questions.

*Scenario 1:* The ball goes out of court and the Black GD goes to retrieve it. When she notices that the ball should be thrown in by the White team, she returns to the court without the ball.

To the umpire, this would be considered unsportsmanlike behaviour. How could you penalise the Black team for this?

---

---

*Scenario 2:* The White WD is persistently going off-side in the goal circle white defending her partner. The umpire has generally played advantage for this infringement, but she is getting tired on this player's persistent infringing. If you are the umpire, what options do you have?
